HISTORY OF NILE UNIVERSITY

Nile University is founded as a Private Independent University in the northwestern region of Uganda.

The history of Nile University dates as far back as 1860’s when St. Daniel Comboni had a plan of starting a University with four learning centers in the Equatorial region and along the various coasts of Africa. “A plan of a re-birth or re-generation of Africa.” His famous slogan was, “Save Africa with Africans.”

In 1995 the initial discussions on the establishment of Nile University started in partial fulfillment of Bishop Daniel Comboni's idea of promoting University Education in the equatorial region. On 13th November 1996 the first official and formal meeting that kick-started Nile University was held at Ediofe. On 24th September 2003 Nile University began its academic year that registered 56 students.

NILE UNIVERSITY IS LICENSED

National Council for Higher Education (NCHE) declared NILE UNIVERSITY licensed at its 46th meeting of 20th February 2018 to operate it as a Private University.

PARTNERSHIPS

Kesmonds International University (KIU) AMERICA and Nile University Uganda are in partnership for a period of Twenty years renewable. This partnership enables Kesmonds International University (KIU) AMERICA to offer a range of on Campus and Digital or Online learning programs in Nile University starting from August 2019.

Nile University Uganda and Uganda Martyrs University are also in partnership for a period of Five years renewable. This partnership aims at building a strong and sustainable collaboration and relationship between Nile University and Uganda Martyrs Uganda so as to promote quality education based on excellence and ethical values.
